We Are Also Headquarters For
Springs, Mattresses and Iron Beds
Come and See
HARRIS & CHENAULT
THE FURNITURE MEN

MRS. CROUCH DISMISSED.

Mayor Dismisses the Charge of Selling Liquor on Sunday.

READS RIOT ACT TO ALL OFFENDERS.

Mrs. J. B. Crouch, owner of a Lexington saloon, was dismissed on the charge of violating the Sunday closing law before Mayor Combs, with a warning.

"I am determined to break up this Sunday violation. I want to say now that I am not going to consume my time hearing saloon cases. In the future the burden of the proof will have to lie largely with the saloonkeeper suspected of violating the law. Where there is so much smoke there is bound to be some fire, and I am going to put it out and stamp on the ashes.

"I know in a general way that saloon-keepers in the east end of town have taken chances, and that liquor has been sold on Sundays through various pretexts, but it has to stop. This thing of evading the law by slipping into rooms where beer and whisky are kept has gone far enough. If I believed in good faith that the beer was given to your cook I would not hesitate a minute about dismissing you, but I am inclined to believe that it is a hatched up story. There is not enough proof to convict you of selling whisky or to show that your saloon was open on Sunday, but I want to warn you that if you are before me again on a like charge I will have no mercy on you."

Mrs. Crouch promised to be good in the future.

Mergers.

Efforts are being made to merge the Louisville Gas Company, the Louisville Heating Company, the Louisville Lighting Company, and the Kentucky Electric Company. This much was admitted by a large stockholder.

A merger of these properties will probably take the form of a holding company, with a capital stock of \$15,000,000 to \$20,000,000. With the elimination of competition and the savings that could be effected in other directions, it is estimated that no trouble would be had in paying dividends on this amount.

Insurance in Kentucky.

The thirty-six legal reserve life insurance companies doing business in Kentucky according to a report by State Commissioner Prewitt, collected during the year of 1906 \$7,913,429.63 in premiums. They paid in death losses \$3,199,809.50.

On December 31, 1906, they had in force in Kentucky policies to the amount of \$237,176,230; 131,625 policies were cancelled during the year, leaving in force 500,972 policies.

For Sale.

Fine old Queen Ann Style Mahogany bed. Apply at residence West Main Street adjoining Judge H. Clay McKee's office. Home phone 167. 2-tf

Honor on Eminent Democratic Leader.

At a meeting of the Democratic chairmen of the various counties composing the Fifth Appellate district held in Lexington Wednesday Judge John D. Carroll, of Newcastle, Henry county, was declared to be the nominee for the office of Appellate Judge. The nomination is considered equivalent to an election.

JAPANESE ADMIRAL

Says Men of Navy Are No Good in War.

At Tokio, Japan, the Hochi prints an interview with Admiral Sakomoto, in which the Admiral is quoted as follows:

"Even if the Washington Government should decide on a war, it is doubtful if the Americans serving in the navy are sufficiently patriotic to fight.

"American naval officers are brilliant figures at balls and social gatherings, but they are very deficient in professional training and practice. It is too much to expect a burning patriotism in the American naval service in case of war with Japan. It is very likely that most of the crews would desert and leave the ships."

[The Admiral denies the quotation. If it does not come as a free will statement we can easily and quickly prove to the Jap Admiral's satisfaction what real fighting is, on either land or sea.—Ed.]

An Invaluable Remedy.

Chas. Stephenson, Clintonville, Ky., says: "I cured my children of Cholera with Bourbon Poultry Cure and cannot speak too highly of it as an invaluable remedy for fowls."

Sold and guaranteed by W. S. Lloyd, druggist, Mt. Sterling, Ky.

The State College of Kentucky, Lexington, Kentucky.

The State College of Kentucky offers the following courses, namely—Agricultural, Mechanical Engineering, Civil Engineering, Mining Engineering, Electrical Engineering, Normal School, Classical and seven Scientific courses, each of which extends over four years and leads to the Bachelor's degree. Each course is organized under a separate faculty. The general faculty, consisting of professors, assistant professors and instructors, numbers over fifty.

County appointees receive free tuition, privilege of residence in dormitories, fuel and lights and traveling expenses, if they remain ten consecutive months or one collegiate year.

The laboratories and museums are large, well equipped, comprehensive and modern. Military Science is fully provided for as required by Congress.

Graduates in the several courses of study readily find employment with liberal remuneration. The total number of matriculates last year was 901. Each department has a specialist at its head, with the necessary number of assistants.

Summer schools are provided for in Pedagogy, Engineering and instruction in Science and the Liberal Arts.

The young women find an excellent home, with board and lodging in Patterson Hall, which is well equipped with all modern conveniences, bath-rooms, hall for physical culture, at \$3.00 per week. All the courses of study in the college are open to young women upon identical conditions with those applying to males.

The attendance upon the Normal School in connection with the Department of Education last year more than doubled that of the preceding year.

Three new buildings, namely, one for the department of Education, one for Agricultural Science and a Library Hall, are in process of erection and will be completed early in the next collegiate year.

For catalogues, methods of obtaining appointments, information regarding courses of study and terms of admission, apply to

JAMES K. PATTERSON,
Ph. D., LL. D., President,
or to
D. C. FRAZEE, Business Agent,
Lexington, Ky.
Fall term begins September 12, 1907.

HAZELRIGG & SON.

LICENSE REVOKED.

SOLD LIQUOR TO MINORS.

Confessed Judgment Before Mayor Combs.

J. M. Martin charged with selling liquor to minors in Lexington, confessed before Mayor Combs Wednesday and his license and bond are in consequence forfeited. He was given till Saturday to take out a new license, which will cost \$150 and furnish a new bond of \$200. If State and county licenses are revoked, Mr. Martin's loss will be over a thousand dollars. The licenses are issued under date of March 1.

This is the first case that has come up before Mayor Combs of such a nature, but Mayor Combs says he will not be the last if there is any further violation of the law in this respect. He says that this law will be as rigidly enforced as the Sunday closing law and he will have no mercy on the violators.

Immigration Record Broken.

All immigration records in the history of the country were broken by the aggregate returns for the fiscal year of 1907, which ended June 30th.

The total of alien immigrants landed in America during the year was 1,285,340, as against 1,100,735 landed during the fiscal year of 1906.

The increase during the year was about six per cent over the greatest number of immigrants that ever arrived in America heretofore in a single year.

A total of 5,962 immigrants were debared from admission to the country during the last six months.

Itching, torturing skin eruptions disfigure, annoy, drive one wild. Doan's Ointment brings quick relief and lasting cures. Five cents at any drug store. 51-5t

Saved them.

Dr. J. O. Greeson, State Secretary of American Veterinary Medical Association, Kokomo, Ind., says: "The herd of hogs on which the Bourbon Hog Cholera Remedy was used, was sold yesterday. We give this remedy the credit for saving them."

Sold and guaranteed by W. S. Lloyd.

Don't Do Well.

In an interview Jackson Smith, member of the Panama Canal Commission, stated that the importation of Japanese laborers to the isthmus is being discouraged, as they do not do well with American laborers.

OLDEST POSTMAN RETIRES.

Letter Carrier Has Walked Distance Greater Than Five Times Around the Earth.

James Delaney, of New York City, the oldest letter-carrier in the United States, has retired after more than fifty years in the service of Uncle Sam. In his work Delaney has walked a distance greater than five times around the world. Mr. Delaney is eighty-three years of age.

Game Law Upheld.

Judge L. F. Johnson, in the Franklin County Court, upheld the constitutionality of the state fish and game law. The decision was made in a case resulting from action taken by the Franklin county game warden against Newton Dean and others charged with netting fish in the Kentucky river. Game Warden Duvall burned a pile of captured nets in the court house yard and Dean and other plaintiffs filed suit to recover damages against him.

Stone Gets a Big Position.

C. L. Stone, G. P. A. of L. & N. railroad, will become passenger traffic manager of the Missouri Pacific and Iron Mountain system on August 1. It is stated that his salary will be \$10,000 a year. Mr. Stone's headquarters will be in St. Louis.

Excursion Season Opens.

First excursion to Cincinnati via Q. & C. will be Sunday, April 14, and every other Sunday thereafter through the month of October.

Colossal Indeed.

We are accustomed to think of the cost of the Panama Canal as colossal, especially when we realize that it has already entailed the expenditure of over \$125,000,000 and may cost thrice that much before a warship can pass safely through it. But Greater New York has even a larger job on her hands. It is estimated that the tunnels in course of construction under the city and its rivers, the railway terminal and depots, water supply and similar enterprises under way will cost an aggregate of \$625,000,000.

Wrote "Years" For "Months."

Rhena Rivers, of Montgomery Alabama, died at the state house after serving almost twenty years by a mistake of the court clerk, who wrote "years" instead of "months."

The error has just been discovered and a bill was introduced in the legislature to pay her mother for the overtime served in prison by her daughter.

VENGEANCE OF THE AUTO.

Nine Killed and Twenty-Six Hurt.

Nine pedestrians lost their lives and thirty-four injured in automobile accidents in Massachusetts in twenty-six days, according to a statement compiled and made public by the Safe Roads Automobile Association.

During the twenty-six days there have been ninety-two collisions in which automobiles have figured.

BELL CASE CLOSED.

Last of Back Taxes Have Been Paid.

The last chapter has been written in the long story of litigation over the Bell back taxes, which has gone through the Fayette Circuit Court, the Court of Appeals and the Supreme Court of the United States, by the payment to the city of \$637.02, that being the second installment. The first payment was made March 5, amounting to \$9,100.64.

The Mayor received a check for the amount, which is the city's part of the \$831.96 collected, 22 1/2 per cent being deducted for collection and lawyers' fees.—Lexington Gazette.

1,400 Babies Smothered Annually By Parents.

W. Schroder, deputy coroner at St. Pancras in London, investigated the case of a child, eleven weeks old, the daughter of a postman, who was smothered when sleeping in bed with her mother. Addressing the child's father, the deputy coroner said: "You have a German name?"

The witness: "My parents were German."

"Well in Germany," the deputy coroner proceeded, "there is a law against parents taking young children to bed with them."

Some 1,400 children a year die, Mr. Schroder added, by their mothers overlaying them in bed.

NATURE'S WARNING.

Mt. Sterling People Must Heed and Recognize It.

Kidney ills come quietly—mysteriously. But nature always warns you through the urine.

Notice the kidney secretions. See if the color is unhealthy—If there are settlings and sediment.

Passages too frequent, scanty, painful.

It's time then to use Doan's Kidney Pills.

To ward off Bright's disease or diabetes.

Ernest Rule, tailor, of Main St., Paris, Ky., says: "For several years I suffered greatly with kidney trouble. The pains across the small of my back and through my kidneys were most intense. The kidney secretions were much discolored, scalding and irregular. Through the newspapers I learned of the merits of Doan's Kidney Pills and I procured a box. Having given this medicine a good trial and realizing so much good from its use, I am in a position to recommend it to all sufferers from kidney troubles."

Plenty more proof like this from Mt. Sterling people. Call at F. C. Duerson's drug store and ask what customers report.

For sale by all dealers. Price 50 cents. Foster-Milburn Co., Buffalo, New York, sole agents for the United States.

Remember the name—Doan's—and take no other. 2-2t

Boy Sent to Prison for Life.

Seventeen years of age and under a sentence of life in the penitentiary for murder, is the peculiar condition of life which Clay Thomas, a white boy from Lee county must now face.

Everybody's friend—Dr. Thomas' Electric Oil. Cures toothache, earache, sore throat. Heals cuts, bruises, scalds. Stops any pain. 31-5t

A Tip.

After August 1st Express Companies will refuse to receive C. O. D. packages containing whiskey.
